Ho’okele Pololei ~ To voyage ahead, navigate well, persevere
Artistic theme

In celebration of the 30th anniversary of the maiden voyage of Hökūle'a in 1976, the Office of Hawaiian Affairs is pleased to present this annual report centering on the theme “Hoʻokele Polo lei - to voyage ahead, navigate well, persevere.”

Photography in this publication is by Arna Johnson and Monte Costa, and was coordinated by Michael McDonald of OHA’s Public Information Office. We extend a heartfelt mahalo piha to Näinoa and Kathy Thompson, and the Polynesian Voyaging Society, for making possible the Dec. 23, 2006 sail from Kahaka’aulana (Sand Island) to Waimānalo and back. All photos, including aerials and those shot aboard Hökūle’a and from the escort boat, “Morning Light,” were produced that day.

Mahalo, also, to the volunteer crew of Hökūle’a for taking the time to enable the Office of Hawaiian Affairs to complete this project.

E ola mau ‘o Hökūle’a, wa’a kūpāianaha o Hawai’i pae ʻāina. May Hökūle’a live on – legendary voyaging canoe of Hawai’i.

Aloha mai kākou e nā kini lehulehu, nā ‘ōiwi ‘ōlino, nā kama‘āina a me nā malihini mai nā kīhi ‘ēhā o ke ao mālamalama. Warm greetings to all, Native Hawaiians, all who call Hawai‘i home and those who have come from afar. Aloha!

Our kūpuna kahiko or ancient forebears taught that in order to move forward, we must learn from the past, hold close the values of our heritage and bring the very best forward. As we stand at the threshold of the new year, 2007, we pause to glance back at the many accomplishments and challenges of the past year.

In this Office of Hawaiian Affairs Annual Report for Fiscal Year 2006, we present to you a summary of OHA programs, activities and a financial audit reflecting the period of July 1, 2005-June 30, 2006.

In FY-06, nearly $8 million in community grants was awarded to nonprofit community groups whose projects and programs – large and small – meet the needs of Native Hawaiians. The Board of Trustees affirmed its support of Hawaiian-focused charter schools with a three-year appropriation of $2.2 million per year. We recently increased our post-high scholarships to $1 million – all in support of the education and training of our people.

There is still more to be done.

The Office of Hawaiian Affairs - as the official agency of the State of Hawai‘i representing ‘ōiwi Hawai‘i, the indigenous people of these islands - has through the Board of Trustees and the administrative staff of OHA remained committed and focused in our quest to serve our beneficiaries. U.S. Census 2000 counted more than 240,000 Native Hawaiians in Hawai‘i and another 160,000 on the continent. The reach of our ‘ohana continues to grow.

Empowering Native Hawaiians is key to long-term community success, both for Native Hawaiians and Hawai‘i nei. We reaffirm our commitment to serving our beneficiaries in a productive, creative manner that our kūpuna would expect of us.

This report reflects a snapshot in time, a single chapter in an ongoing voyage. With our report theme “Ho‘okele Pololei - to voyage ahead, navigate well, persevere,” we also acknowledge and celebrate Hōkūle‘a – the Hawaiian voyaging canoe that for 30 years has been an inspiration to Hawai‘i and the world.

The Board of Trustees and staff of the Office of Hawaiian Affairs continues to “stay the course” in achieving the very best for our community. We remain ‘onipa‘a, or steadfast, in our resolve.

No nā ‘ōiwi ‘ōlino, me ke aloha,

Throughout the year, OHA conducts public meetings on the Neighbor Islands, and holds regular Board of Trustees meetings and board standing committees including Beneficiary Advocacy and Empowerment, and Asset Resource Management. OHA meetings are open to the public, and community input and comment is welcome.

Washington, D.C., Bureau

Mission
The OHA trustees and administrator established the Washington, D.C., Bureau to assure an ongoing national presence and advocate for more than 401,000 Native Hawaiians.

Strategic Plan Goals
Addressed/Needs Served
In accordance with OHA Strategic Plan Policy Goal 7, Strategy 4, (policy / legislative engagement), the goal of the Washington, D.C., Bureau is to educate Congress and the executive branch on issues important to Native Hawaiians and secure passage of favorable legislation at the national level. The four primary objectives are:

1. To educate Congress and the executive branch on issues important to Native Hawaiians;
2. To establish and maintain organizations and individuals at the national level as allies;
3. To overcome resistance of non-supporters of issues important to Native Hawaiians; and
4. To establish a mechanism to collect and disseminate information on issues important to native peoples.

FY-06 Highlights
During FY-06, the Washington, D.C., Bureau team focused much of its efforts on helping secure the passage of the Akaka Bill, which would clarify the United States’ relationship with Native Hawaiians by providing a process for federal recognition of a Hawaiian governing entity. Despite extensive efforts by OHA and many other supporters, in June the cloture motion to move the bill to the Senate floor for a vote fell just four votes shy of the 60 needed to overcome a procedural block placed on it by Senate opponents. Hawaii’s federal lawmakers are expected to introduce new versions of the bill in both the House and Senate in the next congressional session.

As part of its on-going efforts to educate about and advocate for issues important to Native Hawaiians, the D.C. team:

- Worked with OHA trustees, the administrator, legal advisors, Hawaii’s congressional delegation and key staff, congressional co-sponsors, Hawaii’s governor and attorney general, Native Hawaiian royal societies, other Hawaiian organizations, American Indians, Alaska Natives, various Pacific and Asian Pacific American organizations and an array of civil rights organizations to urge passage of the Akaka Bill;
- Served as a resource on Native Hawaiian issues and briefed key congressional and administration staff as well as representatives of national organizations;
- Hosted dozens of Native Hawaiians and other visitors to heighten awareness of Native Hawaiian issues, especially the Akaka Bill, and to increase the visibility of OHA’s D.C. office;
- Initiated or co-sponsored 35 events and represented OHA at more than 55 meetings, gatherings and conferences held in the D.C. area by OHA or various national organizations;
- Briefed thousands of allies on the status of the Akaka Bill and issued calls for action through email alerts and presentations at local and national meetings and conventions. As a result, hundreds of emails and letters of support for the bill were sent to Congress;
- Coordinated efforts with various experts to assure that factual information was included in the U.S. Commission on Civil Rights’ briefing and report on the Akaka Bill. Ultimately, four of the seven USCCR commissioners voted to oppose the bill, and the draft findings section was omitted from the final report. In response, D.C. staff provided detailed information to the two commissioners who submitted statements of dissent, both of which were included in the USCCR’s final report on the Akaka Bill;
- Served as a resource to the national American Bar Association (ABA) at the organization’s annual “Lobby Day” held in Washington, D.C., in May 2006;
- Coordinated OHA’s letter of input for a USCCR briefing on race and ethnicity classifications in federal reports and data collection, including the “Native Hawaiian and Other Pacific Islander” category;
- Coordinated a Capitol Hill lunchtime briefing on the Akaka Bill, presented by Hawaii’s governor for members of Congress and their staff;
- Co-sponsored the opening night reception for the National Geographic Society’s “Archipelago – Portraits of Life in the Northwest Hawaiian Islands” exhibit;
- In partnership with Ke Ali‘i Maka’āinana Hawaiian Civic Club, helped prepare, print and distribute 300 copies of Phase 1 research describing the history of diplomatic work carried out in Washington, D.C. by Hawaii’s ali‘i and their appointed emissaries; and
- Coordinated with the National Indian Education Association (NIEA) to send hundreds of Akaka Bill support statements to senators and representatives from more than 30 states.
Hālawa Luluku Interpretive Development Project

Mission
To execute the H-3 Memorandum of Agreement (MOA) requiring development, with community consultation, of an Interpretive Development Plan that addresses the mitigation of land areas affected by the construction of the H-3 freeway, and which preserves, interprets and perpetuates Native Hawaiian history, traditions and culture.

Needs Served
Hālawa-Luluku Interpretive Development (HLID) serves to fulfill requirements of the MOA, which provides resources to mitigate the adverse impact of the H-3.

FY-06 Highlights
- **Strategic Planning Phase.** HLID successfully completed the Strategic Planning Phase when the OHA Board of Trustees approved the project’s strategic plan on Jan. 5, 2006.
- **Interpretive Development Plan Phase.** HLID continues to work with the Federal Highway Administration and the state Department of Transportation to define the scope of work for the Interpretive Development Plan (IDP), the last of three planning phases for the project. This phase was started in June 2006 and is scheduled for review and approval in the spring of 2007. In addition, HLID negotiated fees and services with R.M. Towill Corp., the planning consultant for the project.

Mission
Treasury and Other Services (TOS) works in partnership with other OHA divisions to manage and report on the agency’s finances; and implements and maintains information technologies.

Strategic Plan Goals
Addressed/Needs Served
TOS addresses the policy goal (Goal 7) of the Strategic Plan. The division’s major functional areas are:
• Accounting – responsible for day-to-day processing and auditing of accounting transactions, maintaining the general ledger and the production of accurate financial reports.
• Treasury – reviews the management of OHA’s Native Hawaiian Trust Fund, develops and coordinates OHA’s biennial and annually aligned budgets, and handles credit and collections. Treasury functions include ensuring that allocation of resources corresponds to OHA’s long-range and strategic plans.
• Financial Management – ensures that Accounting and Treasury areas develop financial plans that are in accord with OHA’s policy statements regarding spending and investment to safeguard assets and maximize return on OHA’s financial assets.
• Information Technology – manages and maintains OHA’s local and statewide computer information network.

Each year, an independent certified public accounting firm conducts an audit of OHA’s financial statements. The financial statements for the fiscal year ending June 30, 2006, are included in this report, beginning on page 57.

FY-06 Highlights
• Net investment returns from the Native Hawaiian Public Land Trust Fund amounted to $34.6 million in fiscal year 2006, compared to $32.3 million in fiscal year 2005. Funds drawn from the Native Hawaiian Public Land Trust Fund to support operations were $17.9 million in FY 06 and $14.5 million in FY 05; therefore net accretion in the fund was $16.7 million in fiscal year 2006, compared to $ 17.8 million in fiscal year 2005.
• The Total Operating Budget was increased to $31.6 million, compared to $28.7 million in the prior year.
• OHA completed upgrades to information systems, including all central servers, with ongoing workstation replacements continuing into FY-07 and accounting system hardware also scheduled for assessment and replacement in FY-07.
• Act 107, passed in the 2005 legislative session, permits OHA’s transition to fiscal autonomy. The migration to autonomy is planned to be effective in the first quarter of FY-07.
• The Legislature passed and the governor signed into law a bill that sets OHA’s annual portion of ceded land revenues at $15.1 million.
Mission Statement

"To mālama Hawai‘i’s people and environmental resources, and OHA’s assets, toward ensuring the perpetuation of the culture, the enhancement of lifestyle and the protection of entitlements of Native Hawaiians, while enabling the building of a strong and healthy Hawaiian people and nation, recognized nationally and internationally.”

Human Services, Housing and Education

Division Mission
The Human Services, Housing and Education hale (HSHE) aims to better the conditions of Native Hawaiians in the areas of social service programs, housing and educational opportunities.

Strategic Plan Goals
Addressed/Needs Served
In order to address OHA Strategic Plan goals for education (Goal 4), social services (Goal 8), and land and housing (Goal 9), the HSHE hale contains three sections: Human Services, Housing and Education.
Human Services

Mission
The mission of OHA’s Human Services program is to better the social conditions of Native Hawaiians by enhancing beneficiary access to resources, information and services through advocacy, technical assistance and financial support to Hawaiian agencies and other direct service providers.

Needs Served
Human Services directly addresses Strategic Plan Goal 8, which states: “By 2007, OHA shall have improved the quality of life for 17,500 Native Hawaiians in the areas of food, shelter and safety.” Human Services staff engages in a range of activities that directly and indirectly address the social needs of Native Hawaiians, including funding and monitoring social programs; reviewing and monitoring OHA grants to direct service organizations; legislative and governmental advocacy; and participation in social service coalitions and committees.

FY-06 Highlights:
Among the broad areas and specific projects that Human Services staff focused on during FY-06:

• The review and monitoring of OHA grants to direct service organizations that provide domestic violence counseling and prevention, substance abuse counseling and treatment, transitional housing, therapeutic outdoor education for children with special needs, HIV/AIDS prevention and case management, culturally based programs for incarcerated youth and adults, cultural capacity-building for human service providers, food distribution and transportation services for kūpuna;

• Multi-Service Project – Funded by OHA and administered by Alu Like Inc., the project provides information, case management, emergency financial assistance and financial literacy services to approximately 7,000 Native Hawaiians;

• The Governor’s Native Hawaiian Foster Parent Advisory Committee – Human Services staff represented the OHA administrator at the monthly meetings of the committee, the purpose of which is to promote the recruitment of Native Hawaiian foster parents and provide a support network for foster parents.

• Homeless Advocacy – Staff continued its involvement with homeless coalitions and alliances to address the problems faced by homeless Hawaiians: Solidarity with the Homeless, an interfaith coalition, and Partners in Care, a consortium of agencies and nonprofit social service providers. In addition, Human Services staff provided testimony in support of several bills and resolutions at the state Legislature that called for more state funding for homeless and affordable housing programs.

Staff also advocated for Gov. Linda Lingle to establish the new homeless shelter in Kaka‘ako, which opened in May 2006. The Next Step Project provides emergency and transitional housing for 300 people, including Native Hawaiian families.

• Pa‘ahao – Requests for assistance from Native Hawaiian prisoners, particularly those incarcerated in correctional facilities located on the continent, steadily increased during the year. Staff continued to address the need for a comprehensive and systematic approach to serving pa‘ahao and helping with their reintegration into the community, and provided technical assistance to two organizations that provide prison advocacy services to Native Hawaiians: Maui Economic Opportunity’s BEST Program and Hui Kāko‘o o Pa‘ahao. Hui Kāko‘o o Pa‘ahao also received a $10,000 OHA administrative grant to help conduct and develop Hawaiian cultural programs in prisons.

During the year, staff also monitored two OHA grants to Alu Like Inc.’s Ho‘āla Hou department to conduct cultural education programs for prisoners incarcerated in state correctional facilities and Hawaiian ‘ōpio incarcerated at the Hawai‘i Youth Correctional Facility. Both grants were initiated by the Board of Trustees and totaled $100,000 each.

• ‘Aha Kūpuna – About 200 kūpuna attended OHA’s 2006 ‘Aha Kūpuna, which was held in May at the Waikīkī Sheraton Hotel. While OHA funded the majority of the program and its Human Services staff provided technical assistance, Alu Like Inc. was responsible for the conference’s planning and coordination.
Housing

Mission
The Housing section works cooperatively with others to achieve equality in living standards for Native Hawaiians by building or rebuilding healthy, self-sufficient Native Hawaiian communities. This includes the planning and implementation of programs that foster the development of safe, decent and affordable housing for Native Hawaiians.

Needs Served
OHA’s housing programs focus on providing homeownership opportunities that particularly fit the needs of Native Hawaiian families. Due to the changing nature of the housing market, OHA also cooperated with agencies and organizations that address other housing-related issues, to include affordable rentals, homelessness, transitional housing and creative financing.

OHA’s Housing staff continues to research and develop innovative products to help Hawaiian families qualify for first-time homeownership opportunities and to advocate with state agencies, county departments, nonprofit agencies and private developers to adequately address the housing needs of Native Hawaiians.

FY-06 Highlights
• Housing staff monitors a five-year, $1.5 million OHA grant awarded to Habitat for Humanity. Fifteen Native Hawaiian families who are selected to participate in the first-time homeownership program are allocated up to $20,000 as matching funds for a home loan.

• OHA continued to advocate on behalf of the 47 displaced Kalapana families whose traditional way of life ended abruptly from the 1983 lava flow. Advocacy efforts included:
  – Staff monitored the infrastructure development portion of the state’s resettlement project for these families, known as Kikala-Keōkea.
  – OHA provided an $8,000 grant to the Hawai‘i Community Development Corporation to conduct a survey of the displaced families’ need for home construction financing opportunities.

  – OHA supported legislation to seek special funds that would provide home construction financing opportunities for the displaced families.

  – Staff collaborated with the state and the Hawai‘i Community Economic Development Council to address the lease issues impacting the Kikala-Keōkea project.

• OHA provided two grants totaling $10,000 to community organizations to support their affordable housing conferences: the Wa‘ianae Coast Coalition Housing Summit and the Rural Community Assistance Corporation’s National Conference on Affordable Housing in High Cost Areas.

• Housing staff monitored the following OHA grants:
  – Hui Kāko‘o ‘Āina Ho‘opulapula: $8,000 grant assisted with publishing four issues of the group’s newsletter, which is distributed to 14,000 Department of Hawaiian Home Lands (DHHL) applicants on the waiting list;

  – Moloka‘i Habitat for Humanity: $50,000 grant provided assistance to two lessees to complete the construction of their homes on DHHL’s Kalama‘ula Homestead subdivision; and

  – Native Hawaiian Development Board: $55,000 grant provided technical assistance for 25 DHHL lessees participating in the Kauhalepono Project, which helps families qualify for construction loans needed to replace their unsafe homes with new ones. OHA’s funds provided each family with a matching fund of $2,000 to help with the demolition costs.
Human Services, Housing and Education

Education

Mission
The mission of the Education program is to facilitate culturally sound educational opportunities for Native Hawaiians to promote academic success and life-long learning.

Needs Served

Hawaiian Governance

Mission
Hawaiian Governance seeks to assist and facilitate the Hawaiian community in creating and building a strong and healthy Hawaiian nation by involving Hawaiian communities, organizations, and agencies in the process of encouraging individual Hawaiians to enroll in Kau Iona and actively participate in the nation-building process.

Strategic Plan Goals Addressed/Needs Served
Formation of a Hawaiian nation is critical to protecting Hawaiian programs, trusts, and kuleana from legal attacks. To address OHA’s Strategic Goal 6 (nationhood), the Hawaiian Governance staff works to bring the Hawaiian community together for discussion and creation of a Hawaiian nation, and also encourages the support of non-Hawaiians in the nation-building process.

A Hawaiian nation is only as strong and vibrant as its people. Therefore, issues of health, education, stability in housing, culture, gathering rights, access to stream waters, and protection of iwi are closely connected to nation-building.
FY-06 Highlights

- One of Hawaiian Governance's key goals in FY-06 was to help pass S. 147, commonly known as the Akaka Bill, in both houses of Congress. The bill would have extended Congress's policy of federal recognition to Native Hawaiians. While the legislation did not reach the Senate floor for a debate or vote on its merits in 2006, Hawai'i's federal lawmakers are expected to introduce a new version of the bill in the next congressional session. Nonetheless, OHA organized numerous activities to garner support for the Akaka Bill, both locally and across the U.S. The following is a list of Akaka Bill initiatives Hawaiian Governance staff conducted during FY-06:
  - In July 2005, staff gathered thousands of support letters for the Akaka Bill and forwarded them to congressional representatives in Washington, D.C., through fax and email.
  - Staff collected 2,000 signatures of Hawaiians and non-Hawaiians across the U.S. who supported the Akaka Bill. Their signatures were published in two full-page advertisements in The Honolulu Advertiser in July 2005.
  - Staff organized a sign-waving event outside 'Iolani Palace in September 2005.

In addition:

- OHA funded nine meetings of the Native Hawaiian Coalition, a group of individuals and organizations tasked with determining the steps to form a nation. The coalition identified eight steps to nation-building and started to outline the details of each step.
- OHA continued to fund community organizations and utilized its own outreach team to help register Native Hawaiians for Kau Inoa, an initiative to enroll Hawaiians for the purpose of building a Hawaiian government. By the end of 2006, registration activities were conducted at 128 community events, and nearly 52,000 Native Hawaiians were registered in Kau Inoa.
- OHA engaged in a comprehensive plan to reach Native Hawaiians living on the continent, where 40 percent of the Native Hawaiian population resides. Staff outreach efforts focused on locating expatriate Hawaiian families, educating them on critical Hawaiian issues and encouraging them to inform others.
- Partnering with expatriate Hawaiians, Governance staff conducted Kau Inoa registration efforts in Hawaiian communities in California, Oregon, Utah, Texas, Nevada, and Ohio.
- To help get information on Kau Inoa out to the Hawaiian community, Governance staff:
  - Placed advertisements in Honolulu's two major daily newspapers, MidWeek, in-flight magazines, trade publications, local sports magazines and community periodicals.
  - Created new radio commercials for broadcast in Hawaii'i, on the continent and over the Internet.
  - Created five new 30-second television commercials for broadcast on three major network affiliates – KHON 2, KITV 4 and KGMB 9 – during sweep months and prime-time programming.
  - Sponsored television shows such as The Levi Report and Merrie Monarch Festival, as well as specials on Duke Kahanamoku, Eddie Aikau, Israel Kamakawiwo’ole and Michelle Wie.
  - Utilized Oceanic Time Warner Cable Television’s interactive television feature to measure responses to Kau Inoa advertisements.
  - Placed Kau Inoa advertisements on 55 movie screens in 11 theaters during summer and winter premiers.
- OHA co-sponsored seven conferences and community meetings for such organizations as the Association of Hawaiian Civic Clubs, the Council for Native Hawaiian Advancement, the Alaska Federation of Natives and the National American Indian Housing Council.
- OHA and the American Indian Research Institute co-sponsored a leadership conference, which was attended by 200 leaders from American Indian tribes, Alaska Native nations and the Native Hawaiian community.
- OHA sponsored a six-city national tour of its commissioned film The Hawaiians: Reflecting Spirit, which shared the story of Hawaiian history, traditions and values. The tour included VIP screenings and extensive media coverage in New York City, Chicago, Nashville, Atlanta, Las Vegas and Phoenix. As a result of the tour, the film was aired on 70 PBS affiliates throughout the summer.
- Staff disseminated 10 issues of Ho'okahua, an e-newsletter on Hawaiian governance issues.
- Staff started assisting Kau Inoa registrants with verification of their Hawaiian ancestry.
- In FY-06, the Hawaiian Registry Program was transferred to Governance to make the registration and ancestry verification process more efficient. An additional 2,050 beneficiaries signed up for Hawaiian Registry and received an identification card that verifies their Hawaiian ancestry. Hawaiian Registry receives inquiries from around the world via e-mail, telephone, mail, OHA’s website and walk-in visitors.
The mission of OHA’s Health program is to improve the health of the Hawaiian nation.

FY-06 Highlights

- OHA funded regular gatherings of traditional Hawaiian practitioners at Lapakahi and other sites throughout Hawai‘i for the purpose of promoting traditional healing methodologies, conservation of sites and preservation of traditional practices.
- OHA led a media and education campaign to increase benefits for eligible Native Hawaiians through the Medicare Part D prescription drug supplement plan.
- OHA provided $60,000 for the `Aha Kāne Conference, a three-day event attended by more than 600 men. The conference focused on increasing male leadership and involvement in community affairs.
- Staff provided Hawaiian cultural consultations to organizations such as Pōhai Nani, the Hawai‘i State Legislature and the Advisory Committee on Minority Health to the Secretary of U.S. Department of Health and Human Services, as well as other private agencies and organizations.
- OHA reviewed various stakeholder strategic plans for initiatives that promise to reduce health disparities and improve Native Hawaiian health conditions.
- OHA partnered with Papa Ola Lōkahi and the Department of Health to:
  - provide Native Hawaiians with stop-smoking kits;
  - increase the number of Native Hawaiian certified nurse assistants;
  - improve the ability to seek help and get cancer information from healthcare providers; and
  - agree to co-host the Healing Our Spirit Worldwide Conference, which will be held in Hawai‘i in 2010. The conference will celebrate the holistic healing experiences of indigenous peoples from around the world.
- OHA continued partnerships with nonprofit organizations and Native Hawaiian advocates to:
  - increase production and availability of foods grown in Hawai‘i;
  - promote healthy lifestyles through the use and development of school curriculums in charter schools;
  - reduce the impact of asthma on children in public schools;
  - fund six programs that promote health and wellness through the Native Hawaiian diet; and
  - OHA awarded $494,000 in grants to projects focusing on such Native Hawaiian health areas as oral health, Alzheimer’s disease, asthma education and awareness for youth, food and nutrition for youth, family fitness, mental illness, primary health care, cancer care and Native Hawaiian medical scholarships.

The Public Information Office (PIO) serves the communications, publications, graphic design, public relations, multi-media production and information needs of OHA. PIO coordinates the dissemination of OHA programs, policies and general information to the public through various print, electronic and broadcast media.

PIO functions support Strategic Plan Goal 7 (policy), Strategy 7.6, which states: “to coordinate internal and external communications through electronic, print and broadcast media, multi-media production, public relations and graphic design.” PIO supports all other goals as the department responsible for disseminating OHA information to the media, Hawaiian community and general public – except for matters relating to Hawaiian governance. Federal recognition, Kau Inoa and other governance-related issues which are coordinated separately by OHA’s Hawaiian Governance Hale. PIO assists all OHA divisions with communications needs, with particular attention to ‘ōlelo Hawai‘i, cultural appropriateness and an overall Hawaiian approach. PIO produces OHA’s monthly newspaper, Ka Wai Ola; manages OHA’s websites; and keeps the media informed on OHA programs and board actions through press releases and media advisories.

In October 2005, PIO launched a re-design of Ka Wai Ola, featuring a new look and format of the publication. The free newspaper’s circulation of 60,000 includes roughly 37,500 recipients on O‘ahu, 18,000 on the neighbor islands and 4,500 on the continent.

Upgrades in computer software and hardware, as well as ongoing advanced technical training, enable PIO staff to effectively serve our beneficiaries.

As part of OHA’s 25th anniversary commemoration, PIO and the Office of Board Services produced a photo gallery of the 42 current and former OHA trustees and assisted with an anniversary ceremony and luncheon.

OHA websites – www.oha.org and www.nativehawaiians.com – were regularly updated for effective online communication. At the close of FY-06, a contractor was engaged to reconstruct the agency’s main site.
