Nā Wahi Pana

Nā Wahi Pana. Celebrated places. Regarded with great reverence and respect in old Hawai‘i, these places were sources of mana or spiritual power. For Kanaka Maoli, Wahi Pana are places that remind us of who we are as a people – the past, present and at times, the future. The history of our people are carved out in these legendary locations. A sense of place gives us a feeling of well-being, stability and belonging especially to our ‘Ohana – those living and those long gone.
MISSION STATEMENT

Aloha mai kākou e nā ‘ōiwi ‘ōlino mai Hawai‘i a Ni‘ihau a puni ke ao mālamalama. Aloha e nā kama‘aina a me nā malihini kekahi. Aloha!

Greetings to our esteemed fellow Native Hawaiians from Hawai‘i to Ni‘ihau and around this brilliant world. Greetings to longtime residents and newcomers alike. Aloha!

The theme of this year’s annual report is very appropriate to the cultural core of Native Hawaiians. “Na Wahi Pana” are the celebrated places of Hawai‘i nei — ma luna, from the top of Mauna Kea on Hawai‘i island; ma lalo, to under the sea at Keka‘a off of Maui, a ma nā wahii pana āpau, to along the Nā Pali coast on Kaua‘i and to the kukui grove at Lanikaula on Moloka‘i. Nā wahi pana are places that remind us of who we are as a people and our spiritual, genealogical and ancestral ties to Hawai‘i, our motherland, — past, present and future.

Our past — This includes Article XII, Hawai‘i State Constitution and its extension, Chapter 10, Hawai‘i Revised Statutes which mandates OHA to undertake an awesome task, i.e., to better conditions for Native Hawaiians as a way to reconcile an early history of U.S. colonialism and decimation of Hawaiians by disease and loss of traditional lands.

Our present — The culmination of year 2007 marks OHA’s 27th anniversary since the swearing in of its first Board of Trustees. These nearly thirty years have presented crossroads to paths unchartered as well as rough roads full of seemingly endless obstacles and challenges.

The Office of Hawaiian Affairs presents this Fiscal Year 2007 Annual Report, which summarizes OHA programs, activities and financial statements for the period of July 1, 2006, to June 30, 2007, in meeting our legal mandate and urgent challenges for our future well-being and self-determination. Among the highlights, OHA provided seventy percent (70%) of its budget for programs assisting its beneficiaries. OHA planned for the acquisition of assets of Makaweli Poi Mill on Kaua‘i to perpetuate poi-making, supported programs that promote health and wellness statewide, sought protection of iwi kūpuna or Native Hawaiian ancestral remains, and advocated and intervened in cases to retain public trust assets, such as water, natural resources and land, for Hawai‘i’s people in opposition to private for profit interests.

This fiscal year saw the creation of a new division, the Land Management Hale, to oversee the protection and preservation of Hawai‘i’s lands and their cultural significance. The Land Management Hale during its first year completed the final steps in the acquisition of the 1,800-acre Waimea Valley, O‘ahu, and the 25,856-acre Wao Kele O Puna rainforest in Puna, Hawai‘i. Mālama ‘aina, or caring for the land, goes to the piko of who we are as a people. In addition, we are proud that OHA remains one of the largest donors in Hawai‘i. In fiscal year 2007, OHA awarded $3.5 million through our Community Grants Program and committed about $4.6 million in new Board of Trustee initiatives to improve conditions for Native Hawaiians, and thereby, for all of Hawai‘i nei.

Native Hawaiians and the Office of Hawaiian Affairs have stood steadfast well into this decade of change; and we will continue to stand steadfast “mau a mau”.

Our future — As the Board of Trustees and staff of the Office of Hawaiian Affairs continue our diligence and commitment to our mission, our responsibility, our kuleana, to better the conditions of Native Hawaiians, we also appreciate our partners, kama‘aina and malihini, wherever they reside, who support and work with us in this cause “mau a mau”.

Me ka pono a me ka maluhia ʻia kākou a pau.

No nā ‘ōiwi ‘ōlino,

S. Haunani Apoliona, MSW
Chairperson, Board of Trustees
Aloha kākou,

The Office of Hawaiian Affairs is pleased to present its fiscal year 2007 Annual Report which reflects the agency's program, activities, personnel and financial summary for the period covering July 1, 2006, to June 30, 2007.

The OHA Board of Trustees is a body of nine leaders elected by voters statewide. The board sets policy for the agency's administration. OHA's 157 employees staff the agency's administrative office in Honolulu, community offices in Kona, Hilo, Kahului, Kaunakakai, Lāna'i City and Līhu'e and a bureau in Washington, D.C.

Programs and activities of the agency support the goals and strategies of OHA's Strategic Plan 2006-2011 that identifies 10 goal areas: Advocacy-Native Rights; Culture; Economic Development; Education; Environment-Natural Resources; Nationhood; Policy; Social Services; Land and Housing; and Health.

Fiscal year 2007 saw OHA's nation-building efforts on the rise with Kau Inoa sign-ups nearing the 80,000 mark. We are also working with Hawai'i's congressional delegation to support the passage of the Native Hawaiian Government Reorganization Act or the Akaka Bill, in Congress.

For more information on the Office of Hawaiian Affairs and its programs, visit us online at www.OHA.org.

The artistic theme of this year's report is “Nā Wahi Pana” which illustrates the celebrated places of Hawai‘i through the photography of Arna Johnson and Kapulani Landgraf to whom we say, “Mahalo,” for their vision and commitment to perpetuating the Hawaiian culture.

Our people's history is carved out in nā wahi pana, giving us a sense of place in this land of our ancestors. And as OHA continues to work toward the betterment of Native Hawaiians, our hope is that this ‘aina will nurture generations of our people to come.

E holomua kākou,

MISSION
The OHA trustees and administrator established the Washington, D.C. Bureau to assure an ongoing national presence and advocate for more than 401,000 Native Hawaiians.

STRATEGIC PLAN GOALS ADDRESSED/NEEDS SERVED
In accordance with OHA Strategic Plan Policy Goal 7, Strategy 4, (policy / legislative engagement), the goal of the Washington, D.C. Bureau is to educate Congress and the executive branch on issues important to Native Hawaiians and secure passage of favorable legislation at the national level. The five primary objectives are:
1. To educate Congress and the executive branch on issues important to Native Hawaiians;
2. To establish and maintain organizations and individuals at the national level as allies;
3. To overcome resistance of non-supporters of issues important to Native Hawaiians; and
4. To establish a mechanism to collect and disseminate information on issues important to native peoples.
5. To promote and protect OHA’s entitlements.

FY-07 HIGHLIGHTS
During FY-07, the Washington, D.C. Bureau team continued to focus on helping secure the passage of the Akaka Bill, which would clarify the United States’ political relationship with Native Hawaiians by providing a process for federal recognition of a reorganized Hawaiian governing entity. In May 2007, the bill passed favorably out of the U.S. House Natural Resources Committee and the Senate Committee on Indian Affairs. Hawai‘i’s federal lawmakers requested that the bill be placed on the Senate and House calendars for vote after the filing of Committee Reports.

As part of its on-going efforts to educate about and advocate for issues important to Native Hawaiians, the D.C. team:
• Worked with OHA trustees, the administrator, legal advisors, Hawai‘i’s congressional delegation and key staff, congressional co-sponsors, Hawai‘i’s governor and attorney general, Hawaiian organizations, American Indians, Alaska Natives, various Pacific and Asian Pacific American organizations, and an array of civil
rights organizations to urge passage of the Akaka Bill;
• Helped increase awareness of Native Hawaiian culture among thousands through events connected to the OHA co-sponsorship of the Wolf Trap “Faces of America: Hawai‘i” performance;
• Supported testimony before Congress to establish a Kalaupapa National Memorial;
• Served as a resource on Native Hawaiian issues and briefed key congressional and administration staff as well as representatives of national organizations;
• Hosted dozens of Native Hawaiians and other visitors to heighten awareness of Native Hawaiian issues, especially the Akaka Bill, and to increase the visibility of OHA’s D.C. office;
• Initiated or co-sponsored 37 events and represented OHA at more than 57 meetings, gatherings and conferences, held in the D.C. area and other U.S. locations by OHA or various national organizations;
• Briefed thousands of allies on the status of the Akaka Bill, and issued calls for action through email alerts with the Governance Hale, and presented at local and national meetings and conventions. As a result, hundreds of emails and letters of support for the bill were sent to Congress;
• Continued advocating and partnering with the senior tribal liaison of the Office of the Under Secretary of Defense to continue their Legacy project initiated to develop the first Department of Defense-Native Hawaiian consultation protocol and cultural communications course to increase meaningful consultation with Native Hawaiians across branches of the military in Hawai‘i, including continuation of dialogue with the Hawaiian community; and
• With partner, Ke Ali‘i Maka‘ainana Hawaiian Civic Club, is coordinating phase two research describing the Kingdom of Hawai‘i diplomatic missions to Washington, D.C., conducted by Hawai‘i’s ali‘i and their appointed emissaries. This is a follow-up to the phase-one research booklet compiled and printed in FY 2006.

MISSION
To execute the H-3 Memorandum of Agreement (MOA) requiring development, with community consultation, of an Interpretive Development Plan that addresses the mitigation of land areas affected by the construction of the H-3 freeway, and which preserves, interprets and perpetuates Native Hawaiian history, traditions and culture.

NEEDS SERVED
Hālawa-Luluku Interpretive Development (HLID) serves to fulfill requirements of the MOA, which provides resources to mitigate the adverse impact of the H-3.

FY-07 HIGHLIGHTS
HLID continues to work with the Federal Highway Administration and the state Department of Transportation to define the scope of work for the Interpretive Development Plan (IDP), the last of three planning phases for the project. This phase was started in June 2006 and should be complete in December 2007.

**MISSION**

Treasury and Other Services (TOS) works in partnership with other OHA divisions to manage and report on the agency’s finances, and implements and maintains information technologies.

**STRATEGIC PLAN GOALS Addressed/Needs Served**

TOS addresses the policy goal (Goal 7) of the Strategic Plan. The division’s major functional areas are:

- **Accounting** – responsible for day-to-day processing and auditing of accounting transactions, maintaining the general ledger and the production of accurate financial reports.

- **Treasury** – reviews the management of OHA’s Native Hawaiian Trust Fund, develops and coordinates OHA’s biennial and annually aligned budgets, and handles credit and collections. Treasury functions include ensuring that allocation of resources corresponds to OHA’s long-range and strategic plans.

- **Financial Management** – ensures that Accounting and Treasury areas develop financial plans that are in accord with OHA’s policy statements regarding spending and investment to safeguard assets and maximize return on OHA’s financial assets.

- **Information Technology** – manages and maintains OHA’s local and statewide computer information network.

Each year, an independent certified public accounting firm conducts an audit of OHA’s financial statements. The financial statements for the fiscal year ending June 30, 2007, are included in this report, beginning on page 51.

**FY-07 HIGHLIGHTS**

- The Office of Hawaiian Affairs achieved fiscal autonomy in Fiscal Year 2007, which means the agency is now processing all cash disbursements in-house, rather than relying on the State of Hawai‘i Department of Accounting and General Services to provide this function.

in value by $31,900,000 during the fiscal year, to $445,000,000 (pre-audit)

- The Total Operating Budget was increased to $37.8 million, compared to $31.5 million in the prior year.
- OHA continued upgrades to information systems, including all central servers, with ongoing workstation replacements continuing into FY-08 and accounting system hardware also scheduled for re-assessment in FY-08.

HEALTH, HUMAN SERVICES, AND HOUSING

DIVISION MISSION
The Health, Human Services, and Housing Hale (HHSH) encompasses three disciplines that seek to work in partnership with community organizations committed to the betterment of conditions impacting Native Hawaiians in the areas of health, social service programs and housing opportunities.

STRATEGIC PLAN GOALS ADDRESSED/NEEDS SERVED
In order to address OHA Strategic Plan goals for health (Goal 10), social services (Goal 8), and housing (Goal 9), the HHSH contains three sections: Health, Human Services, and Housing.

HEALTH
MISSION
The mission of OHA’s Health program is to improve the health of the Hawaiian nation.

NEEDS SERVED
Health directly addresses Strategic Plan Goal 10, which states: “By 2007, OHA shall have collaborated with other Native Hawaiian health care providers to increase the acquisition of resources from federal, state, counties and others, to address the health care needs of Native Hawaiians with particular focus on the needs of the aged and elderly, including but not limited to prevention, treatment, education, and other needs.”

The Health staff represents OHA in its seat as a member of the Native Hawaiian Board of Health with Papa Ola Lōkahi. In an effort to build upon advocacy and capacity-building efforts, a comprehensive plan will be developed and supported in collaboration with Papa Ola Lōkahi, the Native Hawaiian Health Care Systems, and the Community Health Centers to facilitate the delivery of health services pursuant to the Native Hawaiian Health Care Improvement Act. A complementary health plan and strategy will be developed in partnership with other public and private agencies to address the health issues of Native Hawaiians.

FY-07 HIGHLIGHTS
• Statewide programs promoting health and wellness were awarded $55,000.
• $20,000 supported programs that promoted and protected traditional knowledge and practices through agreements with Papa Ola Lōkahi and E Ola Mau.
• Ke Alaula and Kula no na Po’e Hawai’i were awarded $14,000 to re-organize and commit to improving Native Hawaiian health conditions statewide.
• The Native Hawaiian underinsured and uninsured population remains in the forefront through a small policy initiative of $20,000 with Papa Ola Lōkahi.
• Health staff monitored and reviewed programs and projects statewide for OHA’s Grants Program that served the Hawaiian community in the areas of oral health, Alzheimer’s care, asthma education, nutrition and fitness, a program using Hawaiian culture and values for individuals with severe and persistent mental illness, primary health care and outreach, cancer care, kūpuna programs, traditional healing, and support and educational programs to increase the number of physicians. The total amount awarded in grant agreements and contracts for FY 06-07 and FY 07-08 was in excess of $870,000.

HUMAN SERVICES
MISSION
The mission of OHA’s Human Services program is to better the social conditions of Native Hawaiian beneficiaries by enhancing access to resources, information and services through advocacy, technical assistance and financial support to Hawaiian agencies and other direct service providers.

NEEDS SERVED
Human Services directly addresses Strategic Plan Goal 8, which states: “By 2007, OHA shall have improved the quality of life for 17,500 Native Hawaiians in the areas of food, shelter and safety.”

Human Services staff engages in a range of activities that address the social needs of Native Hawaiians, including funding and monitoring social programs; reviewing and monitoring OHA grants to direct service

organizations; legislative and governmental advocacy; and participation in social service coalitions and committees.

**FY-07 HIGHLIGHTS**

- Review and monitoring of OHA grants to direct service organizations that provide domestic violence counseling and prevention; substance abuse counseling and treatment; transitional housing; therapeutic outdoor education for children with special needs; emergency and transitional housing; recruitment of Native Hawaiian foster care parents; support and advocacy, including culturally based programs, for incarcerated individuals in Hawai‘i and US mainland; and cultural capacity-building for human service providers.

- Multi-Service Project – Funded by OHA and administered by Alu Like Inc., the project provides information and referrals, case management, emergency financial assistance, financial literacy services, and Individual Development Accounts to approximately 8,600 Native Hawaiians.

- Human Services staff represented the OHA administrator at the quarterly meetings of the governor’s Native Hawaiian Foster Parent Advisory Committee, the purpose of which is to promote the recruitment of Native Hawaiian foster parents and provide support network for foster parents.

- Staff continued involvement with and funding of coalitions and alliances to address the problems faced by homeless Hawaiians, and provided testimony in support of several bills and resolutions at the state Legislature calling for more funding for homeless and affordable-housing programs.

- Requests for assistance from Native Hawaiian prisoners, particularly those incarcerated in correctional facilities located on the continent, steadily increased during the year. Staff continued to address the need for a comprehensive and systematic approach to serving pa‘ahao and helping with their reintegration into the community, and provided technical assistance to organizations that provide prison advocacy services to Native Hawaiians. The Hale is continuing to develop a partnership with the state Department of Public Safety to further develop opportunities for educational, cultural and support programs for Native Hawaiians in continental correctional facilities.

- Staff represented OHA in the June 2007 opening ceremonies for the Saguaro Correctional Facility in Eloy, which was built to house Hawai‘i prisoners who were previously scattered across the mainland.

- OHA advocated at the Legislature for more support for kupuna services, including stable housing, financial support and respite services. OHA funded Lunalilo Homes to renovate and upgrade facilities.

- OHA continues to partner with other agencies to seek funding and support for culturally based programs that help Native Hawaiians recover from substance abuse and mental illness, including the Co-Occurring State Incentive Grant and Mental Health Transformation Working Group — both of which are collaborations that include other state, federal and nonprofit agencies.

**HOUSING**

**MISSION**

The Housing section works cooperatively with others to achieve equality in living standards for Native Hawaiians building or rebuilding healthy, self-sufficient Native Hawaiian communities. This includes the planning and implementation of programs that foster the development of safe, decent and affordable housing for Native Hawaiians.

**NEEDS SERVED**

Human Services directly addresses Strategic Plan Goal 9, which states: “OHA shall assist Native Hawaiian families in achieving housing goals.” OHA’s housing programs focus on providing home ownership opportunities that particularly fit the needs of Native Hawaiian families. Due to the changing nature of the housing market, OHA also cooperated with agencies and organizations that address other housing-related issues, including affordable rentals, homelessness, transitional housing and creative financing. The thrust of this year’s efforts by OHA’s Housing staff was primarily research and planning activities to develop a comprehensive housing plan and innovative products to help Hawaiian families qualify for first-time home ownership opportunities, and to advocate with government, nonprofit agencies and private developers to adequately address the housing needs of Native Hawaiians.

**FY-07 HIGHLIGHTS**

Housing staff continued to monitor the following OHA grants:

- Hawai‘i Habitat for Humanity: A five-year OHA grant awarded in 2005 for fifteen Native Hawaiian families who are allocated up to $20,000 as matching funds for a home loan.

- Hawaiian Community Development Board. Also awarded in 2005, this extended $55,000 grant provides technical assistance for
25 DHHL lessees participating in the Kauhalepono Project, which helps families qualify for construction loans needed to replace their unsafe homes with new ones. OHA’s funds provided each family with a matching fund of $2,000 to help with the demolition costs.

• OHA continued to monitor and advocate on behalf of the 47 displaced Kalapana families whose traditional way of life ended abruptly from the 1983 lava flow.
• OHA co-sponsored approximately $11,000 toward the cost of the Hawai‘i Housing Policy Study Update for 2006. This year’s survey provided a breakdown of Native Hawaiian households with more than, and less than, 50 percent Hawaiian ancestry. The data will assist to establish a base of information that could be used to support research on Native Hawaiian housing needs for years forward.
• OHA participated in discussions with the County of Kaua‘i to develop affordable housing to benefit Native Hawaiians.
• OHA contracted a feasibility study on participation in the affordable/workforce housing project on Maui.
• Housing staff advocated at the 2007 Legislature in support of various bills related to affordable housing issues.
• Housing staff facilitated activities to develop an OHA plan to address Native Hawaiian housing issues. Completion of this vital plan with clear strategies to achieve the desired goals is targeted for 2008.

STRATEGIC PLAN GOALS ADDRESSED/NEEDS SERVED
The Land Management Hale was created on Nov. 1, 2006, to oversee OHA’s lands and other property involvements. These currently include Waimea Valley, O‘ahu; Wao Kele O Puna, Hawai‘i Island; Pāhua Heiau, O‘ahu; Waialua Courthouse, O‘ahu, headquarters of Hui Kalo o Waialua; and Kekaha Armory, Kaua‘i, home of Ke Kula Ni‘ihau o Kekaha Learning Center, a Hawaiian immersion charter school serving 35 Ni‘ihau families.

LM implements Strategic Plan Goal 7 (Policy), Strategy 7.13: “Through the exercise of prudent investment and other strategies, develop organizational infrastructure to acquire land for preservation, investment or programmatic needs detailed in a comprehensive land policy.” Staff also assists with Strategic Plan Goal 5, Strategy 3: “Protect and enhance Hawaiian water rights to ensure the availability of water for the Hawaiian nation by monitoring administrative actions and compliance at all levels of government.”

The Land Management Hale is responsible for developing and recommending real estate strategies, policies and plans to the administrator and Board of Trustees; evaluating and implementing land acquisition; managing OHA’s 27,000+ acre portfolio of conservation and other lands; advocating for land related issues; and assisting other OHA divisions on land and water related matters.

FY-07 HIGHLIGHTS
Acquisition and land portfolio development:
- Completed final steps in acquisition of Waimea Valley, O‘ahu, an approximately 1,800-acre ahupua‘a, in partnership with the nonprofit Trust for Public Land, the City and County of Honolulu, the state Department of Land and Natural Resources, and the United States Army. OHA leveraged $3.9 million in funding to receive fee simple title in the $14 million transaction.
- Completed the acquisition of the 25,856-acre Wao Kele O Puna rainforest in Puna, Hawai‘i, the first ceded lands to return to ownership of a representative of the Hawaiian people since the overthrow of the monarchy in 1893. OHA contributed $300,000 to the $12.25 million (market value) property in partnership with the Trust for Public Land, the State Department of Land and Natural Resources and the Federal Forest Legacy Program.
- Assumed management responsibility for other OHA real estate assets including the Pāhua Heiau, Waialua Courthouse and Kekaha Armory.
- Evaluated numerous real estate acquisition proposals.
- Developed a Real Estate Vision Mission and Strategy Policy approved by the Board of Trustees.

LAND MANAGEMENT:
- Initiated the development of the Land Management Hale Business Plan to manage property involvements. In conjunction with the Treasury and Other Services division, worked on revisions to the investment policy to reflect real estate property involvements.
- Continued negotiation with the National Audubon Society over their stewardship role in Waimea, culminating in a mutual decision to transition to new management in early 2008.
- Began implementation of a 10-year Memorandum of Agreement with the Department of Land and Natural Resources for Wao Kele O Puna, including the process of designation of the area as a forest reserve.
- Developed draft management plans for other land assets.

COMMUNITY OUTREACH AND PARTNERING:
- Celebrated the acquisition of Waimea Valley at an event called “Waimea Kau i ka Hano – Waimea is Honored” on Aug. 12, 2006.
- Participated in OHA television and radio episodes.
- Attended numerous community, neighborhood board and other meetings statewide.
- Joined the Hawai‘i Conservation Alliance, the Land Trust Alliance, and other land and real estate associations.
- Developed and delivered presentations on OHA land management and water issues to various Hawaiian and community groups.

ADVOCACY:
- Prepared and delivered testimony on land and water related matters before county councils, the state Legislature and other public bodies.
- Monitored the state’s implementation of Act 178 reporting requirements on ceded lands revenue.
