IN 2007, the Office of Hawaiian Affairs celebrated the acquisition of the 25,856-acre Wao Kele o Puna, the largest intact lowland rainforest in Hawai‘i. Wao Kele o Puna – a trove of resources for Hawaiian traditional practices – was once slated as the site for a geothermal energy project. Today it is protected in perpetuity, providing a safe haven to native flora and fauna, many of which are seen by Hawaiians as kinolau, physical manifestations of spiritual presence.

OHA is grateful to its partners in the acquisition: Trust for Public Land, Pele Defense Fund, U.S. Department of Agriculture’s Forest Legacy Program, U.S. Senator Daniel Inouye, and the state Department of Land and Natural Resources, which also manages the forest on OHA’s behalf.

Wao Kele o Puna’s rededication in 2007 was historic. It helped heal old wounds of those who fought for decades to protect it from development, and it marked the first time that crown lands had ever been returned to an organization representing Native Hawaiians. The Office of Hawaiian Affairs remains committed to protecting and conserving the abundant natural treasures in Wao Kele o Puna for generations to come.

To our people, descendants of Hāloa, from where the sun dawns at Ha‘eha‘e to where it sets at Lehua, to Native Hawaiians and supporters alike from all four corners of the continent and the world, greetings to all.

The Office of Hawaiian Affairs strives to mälama Hawai‘i’s people and environmental resources and OHA’s assets, toward ensuring the perpetuation of the culture, the enhancement of lifestyle and the protection of entitlements of Native Hawaiians, while enabling the building of a strong and healthy Hawaiian people and nation, recognized nationally and internationally.

True to this mission, this year’s theme of the Office of Hawaiian Affairs’ fiscal year 2009 Annual Report showcases a cultural and environmental treasure – Wao Kele o Puna, a 25,856-acre rainforest on the island of Hawai‘i, which OHA acquired more than three years ago.

For generations, Native Hawaiians exercised traditional hunting, gathering and religious rights within the boundaries of Wao Kele o Puna. Those practices were in jeopardy when the forest was targeted for geothermal development decades ago. The purchase of Wao Kele o Puna by the Office of Hawaiian Affairs, with the assistance of other partners, has diverted such development, keeping this ‘āina intact for our children well into the future.

The sun now rises anew over Wao Kele o Puna with renewed hope for its future.

With a similar sense of optimism and renewal that the Office of Hawaiian Affairs proudly presents this FY 2009 annual report, which summarizes OHA programs, activities and financial statements for the period of July 1, 2008, to June 30, 2009. Within these pages you will read how OHA is working to meet its legal and Constitutional mandate along with urgent challenges as we strive to move the Hawaiian nation forward, unified and strong.

So we invite you all to join us at the dawning of a new day for the Office of Hawaiian Affairs, to review our work focused on bettering the conditions of our Native Hawaiian people, which improves all of Hawai‘i nei.

No nā ‘ōiwi ‘ōlino,

S. Haunani Apoliona, MSW
Chairperson, Board of Trustees
ALOHA KĀKOU.

It is with great pride that I present the Office of Hawaiian Affairs fiscal year 2009 Annual Report, which highlights the agency’s programs, activities, leadership and financial summary for the period covering July 1, 2008, to June 30, 2009.

The Office of Hawaiian Affairs is led by the nine-member Board of Trustees, which sets policy for the agency. OHA’s 137 employees staff the agency’s offices in Honolulu, Kona, Hilo, Kahului, Kaunakakai, Lāna’i City, and Līhu’e, and a bureau in Washington, D.C.

In compliance with Hawai‘i Revised Statutes §10-6, in fiscal year 2009 the Office of Hawaiian Affairs began the process of updating the agency’s Strategic Plan.

Under the plan, OHA will shift its focus to advocacy and promoting systemic change in six priority areas: economic self-sufficiency, health, education, culture, land and water, and governance.

The Strategic Plan identifies three critical roles for OHA: advocacy, research, and asset management. In addition, OHA will institute strict performance-based criteria that will enable the organization to evaluate the effectiveness of its programs.

We believe that we must change our focus and our organization if we are to truly have an impact on issues facing Hawaiians. Our new strategic plan is the culmination of an extensive effort to listen to the community, and going forward, we will continue to rely upon the community’s feedback to guide us.

Fiscal year 2009 also saw OHA challenging threats to Native Hawaiian rights. OHA went to the U.S. Supreme Court and the State Legislature to prevent ceded lands from being sold. Now, under a new law, it will be more difficult for the state to sell the former crown lands.

The economic downturn continued to cause hardship for Native Hawaiians and in fiscal year 2009 OHA was there to help. OHA awarded nearly $14 million in grants to support Native Hawaiians.

We are thankful for the support of the Legislature in helping OHA to move its Constitutional and statutory mission forward. We are also grateful for our committed staff and the support of our beneficiaries.

MISSION
OHA’s 2002 Strategic Plan Goal 7.13 was to develop organizational infrastructure to acquire land for preservation, investment, or programmatic needs detailed in a comprehensive land policy. That goal was reached with the Administrator creating the Land Management (LM) Hale in November 2006 and the Board adopting OHA’s Real Estate Vision Mission and Strategy (REVMS) as policy in June 2007, which calls on OHA’s LM Hale to lead efforts to protect and preserve Hawai’i lands and their cultural significance by:

- Bridging the ancient use of lands with future land use patterns.
- Advocating for land use and transaction practices and regulations congruent with a Hawaiian sense of place.
- Creating financially viable property involvements.

Land Management also oversees the Hālawa Luluku Interpretive Development Project.

FY-09 HIGHLIGHTS: LAND MANAGEMENT
Land Management actively supported OHA’s pursuit of past due payments owed to OHA from the income and proceeds of the Public Land Trust. Continuing 2008 efforts, LM assisted in the parcel selection for properties that could be transferred to OHA in lieu of cash, oversaw due diligence efforts on properties proposed for transfer, and assisted with public outreach and advocacy efforts.

Additional LM highlights include:

- Monitoring the State’s implementation of Act 178 reporting requirements for Public Land Trust revenue.
- Continuing strategic management of assets, including Pāhua Heiau and the Waialua Courthouse on O’ahu and the Kekaha Armory on Kaua’i (home to Ke Kula Ni’ihau O Kekaha Learning Center).
- At Waimea Valley, O’ahu, hiring a permanent Executive Director, facilitating a community-based restoration of Hale O Lono heiau, beginning development of a Conservation Action Plan, completing the donation of a small parcel of land, doubling visitation numbers, and responding to a rockfall and floods that closed the valley to visitors for over a month.
- In the 25,856-acre Wao Kele o Puna rainforest on Hawai’i Island, continuing to fund management of the property and work with the Department of Land and Natural Resources (DLNR), as manager. Facilitating execution of a Right-of-Entry Agreement so the state-funded plugging and abandonment of the geothermal well at Wao Kele o Puna could be completed.

- Continuing to evaluate and investigate proposals for land acquisition, including beginning a Traditional Cultural Property study for Kūkaniloko.
- Preparing and delivering testimony on land- and water-related matters before the State Legislature.
- Hosting episodes of OHA’s radio and television programs.
- Delivering presentations on land and water management issues to community and professional groups locally and nationally.
- Continuing to be OHA’s lead liaison in litigation supporting restoration of stream flows in Nā Wai ‘Ehā on Maui.
- Continuing support for the development of local land trusts, Hawaiian representation on their boards, and addressing Hawaiian concerns in their plans.
- Continuing active membership with the Hawai’i Conservation Alliance, the Land Trust Alliance, the Urban Land Institute, and other organizations. One significant focus this year included planning for the effects of climate change on native lands and resources.

FY-09 HIGHLIGHTS: HĀLAWA LULUKU INTERPRETIVE DEVELOPMENT

The lehua represents a warrior – an apt comparison, as the ‘ōhi’a is one of the first plants to grow on a new lava flow. With care and protection, Wao Kele o Puna will continue to thrive for generations to come.
MISSION
Treasury and Other Services (TOS) works in partnership with OHA divisions and OHA beneficiaries by meeting OHA's financial management and information systems needs and interests through delivery of responsive and effective services in: accounting, treasury, financial management, information systems and technology, and procurement and purchasing.

Accounting is responsible for the day-to-day processing and auditing of accounting transactions, systems analyses, maintenance of the general ledger, and comprehensive production of accurate financial reports.

Treasury includes reviews of OHA’s Native Hawaiian Trust Fund, accounts receivable, credit and collections, and the coordination of OHA’s annual budget development to effectively allocate resources within the organization, in accordance with OHA’s strategic plan.

Financial management involves collaboration between accounting and treasury in the development of financial plans in accordance with OHA’s financial policies in order to safeguard and maximize return on OHA’s financial assets.

Information systems and technology include the management, maintenance, and development of OHA’s statewide computer information network.

Procurement and purchasing involves establishing and maintaining controls and reviews to ensure compliance with the State’s Procurement Code and OHA policies and procedures.

FY-09 HIGHLIGHTS
- OHA’s FY-08 financial audit, conducted by an independent certified public accounting firm, concluded successfully with the timely issuance of its auditor’s report in January 2009. The unaudited financial statements for the 2009 fiscal year are included on page 23.
- TOS continued training on its Fiscal Procedures Manual, which outlines major TOS processes and procedures, and conducted organization-wide procurement training for managers and staff.
- In January 2009, OHA began utilizing the State’s electronic procurement system (HePS) to procure its small purchases of goods and services as required under statute. Managers and staff continue to be trained on the requirements of use of the system.
- The State of Hawai’i, Office of the Internal Auditor, conducted a management audit of OHA’s governance over its information system infrastructure and strategies. A project to upgrade OHA’s accounting and human resources enterprise resource planning (ERP) software application was also launched.
- TOS reports that the fair market value of OHA’s investments held in the Native Hawaiian Trust Fund decreased by $100 million during the previous fiscal year to total approximately $300 million by June 30, 2009. The decline is attributed to cash withdrawals and to decreases in the fair market value of investments driven by the global financial crisis.
- The State of Hawai’i, Office of the Internal Auditor, conducted a management audit of OHA’s Native Hawaiian Trust Fund. A majority of the audit findings were resolved by the date of the report with the remaining actions pending the State Auditor’s response. In addition, OHA also conducted an internal market cycle review to evaluate the Native Hawaiian Trust Fund performance between March 2003 and December 2008.
MISSION
The mission of the OHA Washington, D.C. Bureau is to increase support for issues important to Native Hawaiians and secure passage of favorable national legislation.

FY-09 HIGHLIGHTS
The Washington, D.C. Bureau advocated for passage of the Native Hawaiian Government Reorganization Act (NHGRA) and other measures important to Native Hawaiians, and worked to prevent elimination of Native Hawaiians from existing U.S. policy and law. - Researched and published copies of the Ali‘i Diplomatic Missions and Other Business Travel to Washington D.C. Phase 2.
MISSION
The Community Grants Program gives OHA an opportunity to respond to community needs through an established and equitable process. We listen to and review the requests that will benefit our Native Hawaiian people as well as educate the community on the mission of OHA, our strategic plan, and how potential partnerships can be forged to strengthen our Native Hawaiian communities. By providing the appropriate grant funding to non-profit community-based organizations, we help them, and they in turn help us as we work toward bettering the conditions of our Native Hawaiian community.

FY-09 HIGHLIGHTS
- The Community Grants Program awarded over $1.3 million to 22 projects statewide providing services and implementing programs that impact the Native Hawaiian community. In addition, $165,413 was awarded to support 20 community events.
- From January through May 2009, the Community Grants Program staff conducted 24 scheduled grant workshops and provided individual technical assistance sessions statewide. They reached over 580 stakeholders seeking funding for projects that benefit the Hawaiian community. As a result, 142 applications were received by the June 30, 2009, deadline requesting OHA grants funding for the upcoming fiscal year.
- The Board of Trustees awarded over $8.4 million to 21 larger initiatives that included support of multi-year program services, capital improvement projects, and up to 30 years support to cover debt service on revenue bonds issued by the Department of Hawaiian Home Lands for construction projects. OHA funding assisted organizations in leveraging federal, state, county, and private funding to support their projects.
- The FY09 Grants & Sponsorships Annual Report has been expanded to include all grants and sponsorships given out agency-wide to support projects, programs, and events that support OHA's mission and work to improve the conditions for our Native Hawaiian people.

Mona Bernardino, Grants Interim Director
MISSION
To create, retain, and expand wealth of Native Hawaiians by improving economic self-sufficiency, increasing family income and establishing business sustainability through: training and technical assistance, greater access to low-interest loans, and business development advocacy initiatives.

FY-09 HIGHLIGHTS: TECHNICAL ASSISTANCE
- In a year marked by the nation’s worst recession since the Great Depression, OHA helped firms get back on their feet by providing more technical assistance to individuals and firms than ever before. Our 2009 technical assistance highlights include:
  - Establishment of the Hawai‘i Procurement Technical Assistance Center (HI-PTAC) through a $300,000 grant award to OHA by the Defense Logistics Agency. OHA now operates Hawai‘i’s only procurement technical assistance program dedicated to helping small businesses market and sell their goods and services to federal, state, and county governments. During its first year of operation, the HI-PTAC helped more than 200 Hawai‘i businesses secure hundreds of thousands of dollars in contract awards.
    - Community partners: MEO, Empower O‘ahu, and Maui Economic Development Board helped the HI-PTAC serve all Hawai‘i businesses, giving Native Hawaiian firms a better chance to partner with non-native businesses that have more contracting experience.
    - Native Hawaiian firms comprise 21% of all firms served by HI-PTAC, even though Native Hawaiian firms account for less than 8% of all businesses in the state.
  - Eight Community Based Economic Development grants for non-profits providing technical assistance to an estimated 7,255 persons for a total of $234,904.
  - In addition to HI-PTAC’s clientele, 129 Native Hawaiian businesses received technical assistance from OHA’s network of technical assistance providers in the areas of business planning, financial management and planning, marketing, cost accounting, and staff training and retention.
  - Our Community Based Economic Development grant program also issued five grants for a total of $115,096 to non-profits that conduct work force training affecting an estimated 269 beneficiaries.

FY-09 HIGHLIGHTS: LOW-INTEREST LOANS
Original research commissioned by our Economic Development Hale in 2006 and 2007 showed that Native Hawaiian businesses and budding entrepreneurs lack the low-interest financing necessary for business sustainability and growth. Our restructured Native Hawaiian Revolving Loan Fund, featuring the new OHA Mālama Loan program, gives our beneficiaries the greatest opportunity to finance their businesses, work force training, and other educational objectives. We now also offer loans for home improvements, which also stimulate the economy with construction jobs. In a recession, access to inexpensive credit is even more critical to help businesses stay afloat. From July 1, 2008, to June 30, 2009, OHA disbursed 195 Mālama Loans for business, education, and home improvements totaling $3.5 million. Since rolling out the OHA Mālama Loan in partnership with First Hawaiian Bank on November 15, 2007, through June 30, 2009, OHA has approved:
  - 107 business loans for $2.7 million.
  - 148 education loans for $2 million.
  - And 353 home improvement loans for $7.7 million.
  - All told, OHA has approved 591 OHA Mālama loans for $12.4 million. Considering a 2.5 multiplier effect, the OHA loan fund has been responsible for pumping about $31 million into the Native Hawaiian community from November of 2007 through the end of FY09.
  - Additionally, OHA’s Consumer Micro Loan Program provides Native Hawaiians with the ability to finance temporary cash flow difficulties and career enhancement opportunities.
    - Total Micro Loans and disbursements for FY-09.
      - 34 loans for $180,391.
      - Loans Issued Inception to Date: 229 loans for $1.1 million.

FY-09 HIGHLIGHTS: BUSINESS DEVELOPMENT ADVOCACY
In its business development advocacy efforts, OHA is pursuing new media opportunities with its underwriting of Pacific Network TV, pacificnetwork.tv, which continues to break ground as one of the most innovative technology start-ups in Hawai‘i and a leading voice on Hawaiian issues and concerns.

OHA also continues to work with the business community to plan for ways to invest in cleaner, lower cost alternatives to petroleum and coal for our electric power generation needs and gasoline and diesel for our transportation needs, with natural gas and renewable energy sources leading the way.
MISSION
The mission of the Education program is to facilitate culturally sound educational opportunities for Native Hawaiians to promote academic success and life-long learning.

HAWAIIAN GOVERNANCE
Mona Bernardino, Acting Director, Deputy Administrator

MISSION
Hawaiian Governance (HG) seeks to assist and facilitate the Hawaiian community in creating and building a strong and healthy Hawaiian nation by involving Hawaiian community organizations and agencies, and by encouraging individual Native Hawaiians to enroll in the Kau Inoa initiative and actively participate in the nation-building process.

FY-09 HIGHLIGHTS

FEDERAL RECOGNITION
- Continued work in both houses of Congress in support of the Native Hawaiian Government Reorganization Act (NHGRA), commonly known as the Akaka Bill, S. 310/H.R. 505 in the 110th Congress and S. 1011/H.R. 2314 in the 111th Congress.

KAU INOA AND HO’OULU LĀHUI ALOHA
- Provided support as OHA continued to fund community organizations and conduct outreach to register Native Hawaiians for Kau Inoa, an initiative to enroll Native Hawaiians for the purpose of building a Native Hawaiian nation. Registration activities were conducted at 119 community events across the nation. At the end of fiscal year 2009, 105,858 Native Hawaiians registered with Kau Inoa.
- Conducted the following activities in order to disseminate information on Kau Inoa to the Hawaiian community:
  - Placed advertisements in Hawai‘i and continental U.S. media, including radio, television, Internet, and print.
  - Started a social media outreach initiative by creating a Kau Inoa Twitter account at twitter.com/kauinoa, a Kau Inoa fan page on Facebook, and a Kau Inoa Newsblog at kauinoa.org/blog for the latest updates relating to Kau Inoa, Hawaiian governance, and nation-building.
- Assisted OHA in the co-sponsorship of conferences and community meetings for the Association of Hawaiian Civic Clubs, Kamehameha Schools Alumni Association, and other organizations.
- Continued to publish the Ho’oulu Lāhui Aloha newsletter, regularly published throughout the year and sent to Kau Inoa registrants. The HLA newsletter has included Kau Inoa updates from Hawai‘i, the continent, and as far as France. Additional information about the Ho’oulu Lāhui Aloha nation-building plan, Community Consultation Network, and other nation-building activities was also featured.

HAWAIIAN REGISTRY PROGRAM

HEALTH, HUMAN SERVICES, AND HOUSING
John P. Alamodin, Director

HALE MISSION
The Health, Human Services, and Housing Hale (HSHH) is comprised of three disciplines that seek to work in partnership with community organizations committed to the betterment of conditions impacting Native Hawaiians through program and policy initiatives in health, human services, and housing.

STRATEGIC PLAN GOALS ADDRESSED/NEEDS SERVED
In order to address OHA Strategic Plan goals for health (Goal 10), human services (Goal 8), and housing (Goal 9), the HSHH Hale encompasses three disciplines: Health, Human Services, and Housing.

HEALTH MISSION
The mission of OHA’s health discipline is to improve the health of the Native Hawaiian population.

NEEDS SERVED
The health staff represents OHA in its seat as a member of the Native Hawaiian Board of Health with Papa Ola Lokahi and supported advocacy and capacity-building efforts for a comprehensive plan developed by Papa Ola Lokahi, the Native Hawaiian Health Care Systems, and the Community Health Centers to facilitate the delivery of health services pursuant to the Native Hawaiian Health Care Improvement Act. Additional partnerships will be developed with other public and private agencies engaged in the health and wellness of Native Hawaiians.

HUMAN SERVICES MISSION
The mission of OHA’s Human Services program is to better the social conditions of Native Hawaiian beneficiaries by enhancing access to resources, information, and services through advocacy, technical assistance, and financial support to Hawaiian agencies and other direct service providers.

NEEDS SERVED
Human Services staff engaged in a range of activities that address the social needs of Native Hawaiians, including funding and monitoring social programs, beneficiary advocacy, capacity building of direct service community organizations, legislative and governmental policy reform, and participation in state and federally funded coalitions and task forces.

HOUSING MISSION
The Housing section works cooperatively with others to achieve equality in living standards for Native Hawaiians building or rebuilding healthy, self-sufficient Native Hawaiian communities. This includes the planning and implementation of programs that foster the development of safe, decent, and affordable housing for Native Hawaiians.

NEEDS SERVED
OHA’s housing programs focus on providing home ownership opportunities that particularly fit the needs of Native Hawaiian families. Due to the changing nature of the housing market, OHA also cooperated with agencies and organizations that address other housing-related issues, including affordable rentals, homelessness, transitional housing, and creative financing. Research and planning activities continued with the adoption of the OHA Housing Plan and Strategy in 2009. Program and policy development will be framed to develop multiple pathways to help Hawaiian families with financial literacy and asset building, increased access to affordable rentals, and opportunities to qualify for first-time home ownership.

Both plants and animals — like these pua’a — thrive in the lush forest that is Wao Kele o Puna, the delicate ecosystem to be protected for generations to come by the Office of Hawaiian Affairs.

The hāpu‘u is a very hardy plant. When it does fall, new hāpu‘u grow out of the trunk on the forest floor. Like the hāpu‘u, Hawaiian forests are extremely resilient – however, they do need to be protected from overuse and development.
