**REQUEST FOR PROPOSALS (RFP) NO. HFM 2017-12**

HEDGEFUND MANAGER

**ADDENDUM 11**

1. Should we be putting the confidential sections on the USB drive as well as in the proposal?

**No.**

2. We're shipping them out today, how can we verify you're team received it in time between now and next week?

**By the tracking number provided by the service you are using to ship the proposals. Our receptionist signs for all deliveries which will show in the tracking information.**

3. We just noticed the exact legal name registered with the state of Hawaii DCCA is the proposed fund, instead of our management company's name. Do you suggest a remedy to that?

**Please contact DCCA to make the changes. This would also apply to HCE as well. Since the evaluation period is from July 17 – August 16, you still have time to make the corrections.**

4. Is it a problem if the proposal document in the upper right hand corner lists our management company's name instead?

**No. It is correct.**

5. Should we label the sealed proposal package with our management company's name to be consistent, or use the legal name registered with the Hawaii DCCA.

**It should be labeled with your management company's name since we will be contracting with the Hedge Fund Management Company and not the fund name.**
