SOFTWARE PROGRAM FOR HAWAIIAN REGISTRY PROGRAM

ADDENDUM 2

1. The software licenses cost for the recommended Enterprise Content Management platform (for example SharePoint) will be covered by OHA?

   Yes, it’s part of the budgeted amount.

2. As a vendor we need not consider this cost when responding to this RFQ? Could you provide clarification?

   The cost should be considered. The budgeted amount is to cover the vendor services along with the cost of the software (and any licenses) that they recommend, provide, and implement.
