I. Proposed Action

To Approve COVID-19 Vaccination and Testing Policy for the Office of Hawaiian Affairs and its Implementation by Administration.

II. Issue

Whether to approve COVID-19 Vaccination and Testing Policy for the Office of Hawaiian Affairs and its Implementation by Administration.

III. Background

On August 5, 2021, Governor Ige issued his Emergency Proclamation Related to the COVID-19 Response, that among other provisions, requires all State Executive Branch and county employees to attest to vaccination status to their respective department, office, or agency and those who were not vaccinated would be subject to regular COVID-19 testing.¹

The State Legislature and State Judiciary implemented their own vaccination and testing policies for their members and employees.²

On August 26, 2021, leaders from various sectors of the Native Hawaiian community, including OHA, held a press conference to encourage community members to do their part to stop the surge of COVID-19. With Native Hawaiians representing nearly 32% of all COVID-19 cases statewide (while only constituting 21% of the population), more needs to be done to empower and educate Native Hawaiians on what choices are best for their community, their ‘ohana and loved ones.

Native Hawaiian and Pacific Islander (NHPI) populations have experienced disproportionate impacts of COVID-19, and the impacts to Native Hawaiians particularly have been alarming. During this pandemic, OHA participated in and supported the work of the NHPI COVID-19 3R-Response, Recovery & Resilience Team, https://www.nhpicovidhawaii.net/ and its advocacy for data disaggregation, testing sites, practices that mitigate transmission, vaccination and recovery. The coalition communicates and messages through a broad spectrum of mechanisms--radio, television, print and social media, statewide resourcing, multiple pacific languages, including ‘ōlelo Hawai‘i, as well as the use of community (e.g., faith based leaders, Native Hawaiian physicians), to advance its messages. A prominent message is that of encouraging vaccination among NHPI populations. OHA will continue to participate in and support the work of the NHPI COVID-19 3R Team, including the messages encouraging vaccination.

For the September Ka Wai Ola, a special insert “Protecting Our Lāhui From COVID-19” was included that shared a Mythbusters article addressing 10 fears and rumors circulating in our community.

community preventing people from getting vaccinated. Kānaka Maoli leaders have increasingly expressed their fears for the safety of our lāhui. To amplify these community voices, OHA initiated the “I’m Vaccinated” campaign and invited ‘Ōiwi leaders from across the pae ‘āina and from every walk of life to participate. No one is being paid to do this. These alaka’i have dedicated their lives to serving and uplifting our lāhui and volunteered in this dark hour to share their reasons for getting vaccinated out of aloha for our people and concern for our collective future. Their stories and more information on protecting our lāhui from COVID19 can be found on KaWaiOla.news.

On September 8, 2021, Governor Ige issued Executive Order No. 21-07 that requires all contractors entering, working, or providing any service in a State facility to attest as to each employee whether they are fully vaccinated, and if not fully vaccinated, that they obtained a negative COVID-19 test result prior to entering or remaining in any State facility. The Governor’s Executive Order further requires that all visitors to a State facility provide verification of being fully vaccinated, or if not fully vaccinated, to produce a negative COVID-19 test result prior to being allowed to enter or remain in a State facility.

On September 9, 2021, President Biden issued Executive Orders that required all federal Executive Branch employees and federal contractors to be vaccinated. During his press briefing on September 9, 2021, President Biden announced that the U.S. Department of Labor is developing an emergency rule to require all employers with 100 or more employees to ensure their workforces are fully vaccinated or provide proof of a negative COVID-19 test result at least once a week.

Pursuant to Executive Order No. 21-07, effective September 13, 2021, the Office of Hawaiian Affairs (OHA) required that all contractors entering, working, or providing services in an OHA worksite to submit an attestation of their vaccination status and for those who are unvaccinated or partially vaccinated, a negative test result of a COVID-19 test, and that they wear a mask at all times while in an OHA worksite, and physically distance themselves from others. OHA Contract Administrators were required to notify contractors and vendors of these requirements and the process in which they can submit their written attestations before coming to OHA to perform work or carry out services.

On October 1, 2021, the Governor issued an Emergency Proclamation Related to the State’s COVID-19 Delta Response, effective through November 30, 2021 (Emergency Proclamation). Among other things, the Emergency Proclamation extends the state-wide mask mandate indoors in public settings; allows State boards and commissions to continue meeting virtually, using interactive conference technology and providing testifiers the same option to testify audio visually; and setting forth Rules Relating to Access to State Property, as set forth in Exhibit E thereto, superseding Executive Order No. 21-07.

IV. Discussion

OHA’s objective has and continues to be, maintaining safe, healthy, and productive work environments for our employees and beneficiaries while, to the extent possible, limiting disruptions in our services to the Lāhui.

OHA supports COVID-19 vaccinations and believes having a fully vaccinated workforce will help to maintain safe, healthy, and productive work environments for our employees, beneficiaries, and community partners with whom we interact. COVID-19 continues to pose a serious threat to the health and safety of our community. To ensure safe, healthy and productive work environments for employees, beneficiaries, and community partners with whom we interact and to align with county, state, and federal vaccination and testing requirements, Administration recommends that the OHA Board of Trustees approve the COVID-19 Vaccination and Testing Policy for the Office of Hawaiian Affairs as set forth in Attachment A, requiring all employees and visitors to enter an OHA worksite to provide either verification of full vaccination or proof of a current and valid negative COVID-19 test result and authorize Administration to carry out its implementation, including allowing Administration to make regular updates to the policy as medical guidance and regulatory guidelines change without further board approval.

Any documentation related to vaccination status or test results obtained for purposes of this policy shall not be disclosed to individuals other than as necessary to ensure compliance with this policy or as required by law or court order.

The Policy will be effective upon Board approval. Administration will the requirements of the policy to employees and an appropriate implementation date.

When OHA re-opens to the public, Administration will communicate the requirements of the policy through available modes of external communication.

The policy will be updated by Administration on a regular basis as medical guidance and regulatory requirements change.

V. Recommended Action

MOTION:

Approve the COVID-19 Vaccination and Testing Policy for the Office of Hawaiian Affairs as set forth in Attachment A and authorize Administration to carry out its implementation, including allowing Administration to make regular updates to the policy as medical guidance and regulatory guidelines change without further board approval.

Reference Section from Prior Policy Workshops
The PIG recommended five elements of OHA’s Board Governance Framework:
1) Identity; 2) Values and Mana; 3) Statutory Basis; 4) Policies; and 5) Supporting Documents and Practices (Operations).

**Element 1: Identity.** Ho`oulu Lahui Aloha – To Raise a Beloved Lahui. A State Agency with the responsibility to manage a Trust, that identifies and operates more similarly to Ali`i Trusts with a lahui mindset in improving the well-being of our lahui. Such an identity is rooted in the ‘ōlelo no‘eau, E ʻōpu ali`i have the heart of a chief, have the kindness, generosity, and even temper of a chief, ‘ōlelo no‘eau 369. OHA’s identity is also place based, that OHA’s kuleana is to this place of Hawaii.
Element 1: Identity. Ho’oulu Lahui Aloha – To Raise a Beloved Lahui. A State Agency with the responsibility to manage a Trust, that identifies and operates more similarly to Ali‘i Trusts [1] with a lahui mindset in improving the well-being of our lahui [2]. Such an identity is rooted in the ‘ōlelo no’eau, E ‘ōpū ali`i, have the heart of a chief, have the kindness, generosity, and even temper of a chief, ‘ōlelo no‘eau 369 [3]. OHA’s identity is also place based, that OHA’s kuleana is to this place of Hawaii.

[1] - Kamehameha Schools, Liliuokalani Trust, Lunalilo Home, Queens Medical Center
OHA’s identity manifests itself in four roles: advocate, researcher, community engager and asset manager.

**Element 2: Values and Mana**

The PIG recommends that the Board Governance Framework acknowledge the surrounding intangible, yet invaluable role of values and mana in governance.

Effecting the operating values of kūlia, kākou, pono, ho‘omau and aloha, begins with Trustees and Board work as exemplars for Administration and the Organization as a whole. *O ke kōhina manaua, ma ho‘ohoe ke kūlia,* the site first, and then the building, learn all you can, then practice, *‘Olelo no‘eau*

---

In addition, the concept of mana*, often oversimplified as “power”, belies the complexity of the concept and its acquisition, development and maintenance toward OHA enabling capital

**Mana as Capital.** The acquisition, development and maintenance of mana toward strengthening OHA’s influence capital, cultural capital and financial capital.

Mana - OHA will:

- Build upon the wisdom of our ancestors;
- Build upon the patriots who came before us; and
- Acquire and grow its mana as it strives to serve for the betterment of Hawaiians.
Element 3: **Statutory Basis.** OHA was established under the Hawai‘i Constitution, article XII, section 5, with powers described in article XII, section 6. Hawai‘i Revised Statutes (HRS) Chapter 10 provides that OHA is meant to address the needs of the Native Hawaiian people.

The State of Hawai‘i’s Constitution, Article XII Hawaiian Affairs creates the Office of Hawaiian Affairs, establishes a board of trustees, articulates the powers of the board of trustees and empowers the legislature to implement amendments to sections 5 and 6.

HRS Chapter 10 enables legislation and trustee powers and duties.

Element 4: **Policies.** The FIG recommends that OHA policies be organized into three tiers: L-Labu‘i, T-Trustee and C-CEO level policies. L-Labu‘i level policies would articulate the Hawaiian cultural foundation of the organization as a basis for the ke‘ai moku (heavy weight, sadness) or significant ‘alulé (responsibility) to normalize Hawaiian language, protect and exercise native rights regarding ‘ula‘ula, water, alii pono, and iwi kupuna, strengthen ‘ohana and Lahui, perpetuate Hawaiian culture, knowledge and practices and engage in global, international indigenous contexts. T-Trustee level policies would articulate broad, systemic, strategic, overarching policies that are attributed to OHA’s Trustee role as a result of the Constitution and Chapter 10 purposes and duties (e.g., fiduciary, care, obedience, code of ethics). C-CEO level policies guide and direct operations such as compensation, recruitment, procurement, contracting, data retention, asset protection, risk management, etc.

Element 5: **Supporting Documents and Practices (Operations).** Element 3 supports policy development, alignment, implementation, maintenance and monitoring, etc. by developed and “operationalized” documents (e.g., BOT Executive Policy Manual, BOT Operations Manual standard operating procedures, guidelines, operating manuals) and consistent practices.

Element 3: **Statutory Basis**. OHA was established under the Hawai'i Constitution, Article XII, section 5, with powers described in Article XII, section 6. Hawai'i Revised Statutes (HRS) Chapter 10 provides that OHA is meant to address the needs of the Native Hawaiian people.

**HAWAII CONSTITUTION**

**Article XII Hawaiian Affairs**

- Section 5 Office of Hawaiian Affairs; Establishment of board of trustees
- Section 6 Powers of the Board of Trustees
- Section 8 The legislature shall provide for the implementation of the amendments to Article XII in Sections 5 and 6

**DOCUMENT**

**GOVERNANCE APPLICATION**

**OFFICE OF HAWAIIAN AFFAIRS TRUST**

(Beneficiaries)

**STATE AGENCY**

The State of Hawai'i's Constitution, Article XII Hawaiian Affairs creates the Office of Hawaiian Affairs, establishes a board of trustees, articulates the powers of the board of trustees and empowers the legislature to implement amendments to sections 5 and 6.

6. The FIG recommends that OHA policies be organized into three tiers: L-Lahui, T-Trustee and C-CEO level policies. L-Lahui level policies would articulate the Hawaiian cultural foundation of the organization as a basis for the values (heavy weight, sadness) or significant kuleana (responsibility) to normalize Hawaiian language, protect and exercise native rights regarding water, land, mauna and iwi kupuna, strengthen 'ohana and Lahui, and perpetuate Hawaiian culture, knowledge and practices and engage in global, international Indigenous contexts. T-Trustee level policies would articulate broad, systemic, strategic, overarching policies that are attributed to OHA's Trustee role as a result of the Constitution and Chapter 10 purposes and duties (e.g., fiduciary, care, obedience, code of ethics). C-CEO level policies guide and direct operations such as compensation, recruitment, procurement, contracting, data retention, asset protection, risk management, etc.

**Element 4: Supporting Documents and Practices**

(Operations). Element 3 supports policy development, alignment, implementation, maintenance and monitoring, etc. by developed and “operationalized” documents (e.g., BOT Executive Policy Manual, BOT Operations Manual standard operating procedures, guidelines, operating manuals) and consistent practices.
