#### IV. UNFINISHED BUSINESS

##### A. 2020 OHA Legislative Package Updates – Matrix 1\*\*†

**Chair Waihe'e** turns it over to Ka Pouhana Sylvia Hussey.

**Ka Pouhana Hussey** calls on Public Policy Manager Jocelyn Doane to present.

**Public Policy Manager Doane:** Aloha Trustees. We are rapidly approaching a deadline on Friday. So, all bills need to get through its last committee in its originating house by Friday, in order to successfully move forward. Then there is going to be a third reading deadline the week after.

With regards to our bills; OHA-1 had a hearing on Monday - they're going to hold decision-making in a couple of days. Basically, what's happening is the Judiciary Chair doesn't know if he wants to move the bill with the requirement that four members of the BLNR and four members of the LUC get appointed from a list of names from OHA. So, they're having conversations regarding it now; we'll see if they can reach a compromise.

OHA-2, Our Employment Discrimination bills are both moving, which we are excited about. It might be the only bill of ours that will pass.

OHA-3, is officially Dead.

OHA-4, is a resolution we still have a lot of time for.

OHA-5, it looks like we have not been able to convince the Judiciary Chair to hear it. Today will probably be the last day that hearings get posted for Friday. So, we are still, keeping our fingers crossed.

OHA-6, we've never done a CIP before, so we're trying to still understand the process. We've been chatting with the WAM staff. It is still alive and hopefully we'll have an update on it for you next week.

*That's the update for our package.*

**Chair Waihe'e** asks if there are any questions on the **OHA Legislative Package**.

*There are none.*

#### V. NEW BUSINESS

##### A. 2020 OHA Legislative Positioning – Matrix 2\*\*†

**Chair Waihe'e** turns it back over to Ka Pouhana Sylvia Hussey.

**Ka Pouhana Hussey** calls on Public Policy Manager Jocelyn Doane and Senior Public Policy Advocate Wayne Tanaka to present.

**Public Policy Manager Doane:** So, we have one change that we would like to make to the matrix after having a chance to talk to Justice Klein. Page 5, Item 24 – HB1821; we are recommending a change from ~~Monitor~~ to OPPOSE. This bill actually or hopefully died yesterday, but in case it comes back we wanted to be on record opposing it. Wayne will explain why.

**Senior Public Policy Advocate Tanaka:** Our concerns with this bill is that it may restrict access to the courts and justice for our beneficiaries. It limits the use of declaratory actions which basically is a legal intervention where parties try to ascertain their rights in an issue - even if there hasn't been an actual injury and even if there are other forms of relief. This bill would require that there clearly be an injury for a plaintiff and that the plaintiff's injuries are greater than that of the general public. It would also prohibit declaratory actions seeking with prospective relief in terms of constitutional rights. Since it would limit these legal mechanisms that are used by public interest programs like: NHLC and Earth Justice; 'they' have been opposing this measure.

**Public Policy Manager Doane:** I'm going to skip the three **New Significant Bills**. Item 2 we already approved a couple of weeks ago, so I'm not going to go over them unless the trustees have a question.

I am going to go over **BILL POSITION CHANGE RECOMMENDATIONS**. Page 1, Item 4 – HB2062; we are recommending a position change from ~~Monitor~~ to COMMENT. The bill would create a Statewide Coordinator and a Program within the Department of Human Services to address needs of sexually exploited children. It would also create a steering committee. Our comments would request that OHA be a part of that steering committee to ensure that there are solutions specifically addressed for our beneficiaries' needs.

Page 1, Item 5 – HB2297; this is identical to five other bills in your matrix already. What this bill would do, like the other bills, is open-up flexible policies to be available on lands that they (HHFDC) don't own. So, the Governor could set aside any State lands to them and/or State agencies could lease their lands to them. These are, for the most part, all Public Land Trust Lands / Ceded Lands. Therefore, we are asking for consideration of Native Hawaiian-specific interest; the way we've been asking for having an allocation of units to OHA or DHHL. So, we're asking that we get approval to COMMENT on this actual bill, consistent with the other bills. Therefore, our recommendation is changing from ~~Monitor~~ to COMMENT.

Page 2, Item 6 – HB2544; we're recommending a position change from ~~Monitor~~ to OPPOSE.

**Senior Public Policy Advocate Tanaka:** This measure would establish a School Facilities Agency to hold title to land and oversee development projects for those lands. It doesn't have any Chapter 171 Exemptions although we're going to be monitoring closely for those. What is concerning is that this agency, in its development of lands, would be exempt from Chapter 343 and Chapter 6E. There's some language in the bill that requires the agency to adopt rules that offer substantially similar protections as provided under Chapter 343. There's nothing that regards Chapter 6E, so essentially this agency could develop lands that could impact iwi kupuna. There would be no requirement for historic preservation review or anything like that. Therefore, for those reasons we are recommending changing from ~~Monitor~~ to OPPOSE.

**Public Policy Manager Doane:** Page 2, Item 7 –SB1363; this is the Public Land Trust bill that has a hearing today. We're recommending a position change from ~~Support~~ to SUPPORT WITH AMENDMENTS (SWA). Basically, this bill is identical to a bill in our 2018 package, except the first committee that moved this out last year blanked out all the amounts. So, the 'SWA' would be to recommend for the amounts to be put back in; which would be at this point \$35 million and \$159 million a year. The way we came up with the \$159 million - we took the \$35 million and subtracted the \$15.1 million and multiplied it by the eight years since the Kaka'ako "Settlement".

There are two other **RESURRECTED BILLS** that we already have positions on from 2019, that have carried over.

Page 22, Item 99 – SB568; you may recall last year, the State of Hawai'i passed a bill that would allow an "X" Gender Marker on regular drivers licenses. This bill would allow removal of all gender markers on limited purpose drivers licenses. Our position was SUPPORT and we are still recommending that.

Page 23, Item 102 – SB749; this is one of the Quiet Title Bills. Our position has been SUPPORT. This bill just got a hearing. So, we wanted to bring it back to your attention because we haven't talked about it yet this session. If an Action to Quiet Title kuleana lands is brought, the defendant may ask the court to require mandatory mediation and require the plaintiffs to bear the cost of the mediation. The idea is trying to get the families to work it out before different legal interests are brought in.

Those were all the New or Resurrected Bills. I do want to go over the **BILLS THAT NAME OHA OR DHHL** to give you a status update. None of the Water bills moved. Page 25, Item 113 – SB2043; this is one of those HHFDC forever, long 99-year lease bills, it has a hearing today. Units to OHA and/or DHHL, to specifically account for our Public Land Trust interest, is in this bill.

Page 34, Item 154 – SB2387; you might recall there was a bill that moved that was introduced by Senator Keohokalole and the Hawaiian Affairs Caucus to appropriate funds to DHHL and OHA. This bill must get a hearing by Friday in order to move.

Page 34, Item 155 – SB2388; this is the increase in Public Funds availability for OHA Elections, it did not get a hearing yet.

Page 35, Item 159 – SB2414; this is the OHA Election Randomization Bill – it has a hearing tomorrow.

Page 49, Item 227 – SB3099; the WAM Committee didn't move this bill, it doesn't look like they've taken our suggested amendments. We're hoping to get that conversation continued in the House.

Page 49, Item 228 – SB3104; this is the Leadership Housing Bill. It had a hearing yesterday and decision making will be on Friday. Last week we were invited to attend a meeting that was convened by PRP – they've been a part of discussions with some of the Legislative Leadership on this bill before session started.

Page 51, Item 236 – SB3178; this is the bill that would change how to remove the OHA Administrator. Judiciary has not scheduled it, which we had specifically asked for and I don't anticipate that happening today.

The last ones are the Blue Ribbon Commission Resolutions, there hasn't been any movement on them yet.

Those are all the updates I wanted to bring to your attention today.  
Thank you.

**Chair Waihe'e:** Thank you Jocelyn. Members; *are any questions on the OHA Legislative Package?*

*There are none.*
