a. “Added insured – State of Hawai‘i, the OHA, its Trustees, OHA’s employees, representatives and agents.”

b. “It is agreed that any insurance maintained by OHA shall apply in excess of, and not contribute with, insurance provided by this policy.”

Failure of the successful Offeror to provide and keep in force such insurance shall constitute a material default under the contract, entitling the OHA to exercise any or all of the remedies provided in the contract (including without limitation, terminating the contract). The procuring of any required policy or policies of insurance shall not be construed to limit the successful Offeror’s liability hereunder, or to fulfill the indemnification provisions of the contract. Notwithstanding said policy or policies of insurance, the successful Offeror shall be responsible for the full and total amount of any damage, injury, or loss caused by the successful Offeror’s negligence or neglect in the provision of services under the contract.

Per HRS §97-5: “No lobbyist shall accept or agree to accept any payment in any way contingent upon the defeat, enactment, or outcome of any proposed legislative or administrative action”.

Therefore, anytime the Offeror, whose time is spent researching data or information specific to the testimony to be provided, drafting and providing testimony or participates in discussions with legislators or government employees or officials in support or opposition of any pending legislation, is not allocable to State contracts and cannot be charged to the OHA for the purposes of the contracted services. The time spent in such lobbying activities must be cost-allocated and cannot be paid for by the State and/or the
OHA’s funds. Such activities are clearly not within the scope of the contract, nor are they allowed to be within the scope.

No contract to perform services for any governmental contracting agency in excess of $25,000 shall be granted unless all the conditions of this section are met. Failure to comply with the conditions of this section during the period of contract to perform services shall result in cancellation of the contract, unless such noncompliance is corrected within a reasonable period as determined by the Procurement Officer. Final payment of a contract or release of bonds or both shall not be made unless the Procurement Officer has determined that the noncompliance has been corrected.

It shall be the duty of the governmental contracting agency awarding the contract to perform services in excess of $25,000 to enforce this section.

Failure to provide an oral presentation of their proposal to the OHA will result in the Offeror’s proposal being rejected without further consideration.

2.8 Offeror’s Authority to Submit an Offer

The OHA shall not participate in determinations regarding an Offeror’s authority to sell a product or service. If there is a question or doubt regarding an Offeror’s right or ability to obtain and sell a product or service, the Offeror shall resolve that question prior to submitting an offer.

SECTION 5

Evaluation Criteria

5.1 Evaluation of Proposals

An evaluation committee approved by the OHA’s Ka Pouhana/CEO/HOPA or designee will evaluate all responsive and responsible proposals. The evaluation of such proposals will be based solely on the evaluation criteria set out in this RFP. The evaluation committee will be composed of individuals with experience in, knowledge of, and program responsibility for the requirements identified in this RFP.

Prior to holding any discussion, a priority list shall be generated consisting of offers determined to be acceptable or potentially acceptable. However, proposals may be accepted without such discussions.

If numerous acceptable and potentially acceptable proposals are submitted, the evaluation committee may limit the priority list to the three (3) highest ranked, responsible Offerors.

5.2 Initial Evaluation

Proposals shall be classified initially as acceptable, potentially acceptable, or unacceptable. The proposals that do meet the mandatory requirements will be evaluated and scored in accordance with the criteria, Section 5.4 – Evaluation Sections, by members of an evaluation committee.

If numerous acceptable and potentially acceptable proposals are submitted, the evaluation committee may rank the proposals and limit the priority list to three (3) responsive and responsible Offerors who submitted the highest-ranked proposals. If there are fewer than three (3) acceptable or potentially acceptable proposals, the OHA shall not be required to hold discussions with the Offerors who submitted unacceptable proposals.

Discussion may be conducted with priority listed successful Offerors who submit proposals determined to be acceptable or potentially acceptable of being selected for award, but proposals may be accepted without discussions. The objective of these discussions is to clarify issues regarding the Offeror's proposal before the best and final offer, if necessary.

### 5.5 Financial/Price Proposal Review

The financial/price proposal review will be evaluated for financial and contractual acceptability and for reasonableness of the price proposal. The proposal with the lowest cost factor shall receive the highest available rating allocated to cost. Each proposal that has a higher cost factor than the lowest must have a lower rating for cost.

The points allocated higher to higher priced proposals must be equal to the lowest proposal price multiplied by the maximum points available for price, divided by the higher proposal price as follows:

\[
\frac{\text{Price of the lowest price proposal} \times 10}{\text{Price of the proposal being rated}}
\]

In determining whether a proposal is responsive, the OHA will evaluate the costs and its supporting documentation against realistic operational expenses. The OHA will also review the most recent audited statements of the Offeror.
5.6 **Technical Review**

The Offeror’s proposal shall be in the form prescribed by this solicitation and shall contain a response to each of the areas identified that affects the evaluation factors for award.

A. The technical proposal will be evaluated to determine if the Offeror possesses the capability to successfully perform the requirements of the solicitation. The technical criteria are shown below:

1. Experience;
2. Action Plan;
3. Price Proposal; and
4. Staff Qualifications and Compliance.

B. Proposals will be evaluated for technical and contractual acceptability. Proposals shall be prepared in accordance with the instructions given in the RFP and shall meet all requirements set forth in this RFP.

C. Pursuant to section 3-122-112, HAR, Responsibility of Offerors, the successful Offeror shall produce documents to demonstrate compliance with this section.

D. Past Performance. The OHA may evaluate the quality of each Offeror’s past performance. The assessment of an Offeror’s past performance will be used as one means of evaluating the credibility of the Offeror’s approach to work accomplishment in the management plan. A record of marginal or unacceptable past performance may be an indication that the promises made by the Offeror are less than reliable. Such an indication will be reflected in the OHA’s overall assessment of the Offeror’s proposal. However, a record of acceptable or even excellent past performance will not result in a favorable assessment of an otherwise unacceptable technical proposal.

In investigating an Offeror’s past performance, the OHA may consider information in the Offeror’s proposal and information obtained from other sources, including past and present customers and their employees; other government agencies, including state and local agencies; consumer protection organizations and better business bureaus; former subcontractors; and others. Evaluation of past performance is a subjective assessment based on a consideration of all relevant facts and circumstances. The OHA may seek to determine whether the Offeror has consistently demonstrated a commitment
to customer satisfaction and timely delivery of quality goods and services at fair and reasonable prices.

The OHA’s conclusions about the overall quality of the Offeror’s past performance may be influential in determining the relative merits of the Offeror’s proposal and in selecting the successful Offeror whose proposal is considered most advantageous to the OHA.

Past performance includes the Offeror’s record of conforming to specifications and to standards of good workmanship; the Offeror’s adherence to contract schedules, including the administrative aspects of performance, the Offeror’s control of costs, including costs incurred for changes in the scope of services; the Offeror’s reputation for reasonable and cooperative behavior and commitment to customer satisfaction; and, generally, the Offeror’s business-like concern for the interests of the client.

5.7 Evaluation Criteria

The evaluation criteria and the associated points are listed in Section 5.4 Evaluation Sections. The award will be made to the most responsible and responsive Offeror whose proposal is determined to be the most advantageous to the OHA based on the evaluation sections. See Section 5.4 Evaluation Section.

5.8 Kūkākūkā (Discussion with Priority Listed Offerors)

The OHA may invite priority listed Offerors to discuss their proposals to ensure thorough, mutual understanding. The OHA, in its sole discretion, shall schedule the time and location for these discussions, generally within the timeframe indicated in this RFP schedule and significant dates. The OHA may also conduct discussions with priority listed Offerors to clarify issues regarding the proposal before requesting BAFOs, if the OHA determines a BAFO is necessary.

5.9 Method of Award

All proposals submitted will be evaluated on the basis of the evaluation criteria listed in Section 5.4 Evaluation Sections. Proposals shall conform to all terms and conditions contained in the Request for Proposals. Proposals which do not conform to all requirements expressed in this solicitation may be rejected without further evaluation, deliberation or discussion.

A. All proposals will be reviewed for reasonableness. Offerors who are not within the competitive range will be notified that their proposals are unacceptable, negotiations/discussions are not contemplated, and any revisions of their proposals will not be considered.
B. Award will be made to the responsive and responsible Offeror whose proposal is determined to be the most advantageous to the OHA taking into consideration price and evaluation criteria set out in this RFP.

Pursuant to chapter 3-122-59, HAR, if there is only one responsible Offeror submitting an acceptable proposal, an award may be made to the single Offeror; rejected and new requests for proposals may be solicited if certain conditions are not met, the proposed procurement may be cancelled, or an alternative procurement method may be conducted.

C. The OHA reserves the right to award a contract on the basis of the initial offers received without discussion. Offers are solicited on an "all or none" basis. Failure to submit offers for all items and quantities listed shall be cause for rejection. Proposals should be submitted initially on the most favorable terms of a price and technical standpoint which the Offeror can submit to the OHA.

END OF SECTION
SECTION 6

Contractor Selection and Contract Award

6.1 Award of Contract

**Method of Award.** Award will be made to the responsible and responsive Offeror whose proposal is determined to be the most advantageous to the OHA based on the evaluation criteria set forth in the RFP. If a vendor/contractor/service provider is not compliant with HCE at the time of award, an Offeror will not receive the award.

6.2 Proposal as Part of the Contract

This RFP and all or part of the successful proposal may be incorporated into the contract.

6.3 Public Examination of Proposals

Except for confidential portions, the proposals shall be made available for public inspection upon posting of award pursuant to HRS §103D-701.

If a person is denied access to a State procurement record, the person may appeal the denial to the office of information practices in accordance with HRS §92F-42(12).
