The OHA reserves the right to reject any or all quotes and to accept the quotes in whole or part in the best interest of the OHA.

Background

The OHA owns the Wao Kele o Puna (WKOP) Forest Reserve, TMK (3)1-2-010:02 & 003, located in the upper Puna area of Hawai‘i Island. At 25,856 acres, WKOP represents over 90% of the OHA’s landholdings. WKOP is of great spiritual importance to Native Hawaiians as the home to a number of deities and serves as a resource for subsistence gathering and other cultural practices. It is the OHA’s kuleana to protect, preserve, and perpetuate the cultural and natural resources of WKOP for current and future generations.
WKOP consists of areas that are heavily forested with deep cracks, fishers, and lava tubes, most of which are unknown. In addition, lava periodically enters WKOP with its associated heat, gasses, and risk of fire. As a result of these and other unspecified factors, travel on or above WKOP is hazardous.

Currently, access to WKOP is limited to a 1.5-mile access road and 5-acre grassy clearing. Due to the inherent dangers of the forest and limited access, helicopter flights are necessary to ensure efficient and effective forest management by allowing for access to remote areas and enabling aerial monitoring.

The number of passengers on flights will be limited only by the number of passengers the vehicle will accommodate, but no less than THREE (3) passengers and ONE (1) pilot.

4. Though flights may be scheduled in advance, there may be times when it is important to be in the air as soon as possible. As such, the OFFEROR must be willing and able to make a good-faith-effort to provide priority flight scheduling when necessary as determined by OHA.

5. If more flights are required, the cost of such flights shall be based on the average flight cost under this contract.
